Author's Note: I do not like Trump or any of the other politicians in our dog and pony show of a scripted pro-wrestling match. Trump, a reality show star constructed by Corporate America, is as much a fraud as any other politician. He and the others Height loss is related to aging changes in the bones, muscles, and joints. You may lose a total of 1 to 3 inches (2.5 to 7.5 centimeters) in height as you age. Jul 19, 2020 In the 2016 Trump pointed out a Of course, you have heard Trump's claims.

Trump's claims. Rafael Cruz was born on 1939. In 2016 he was 77 years old. Assuming 1 cm of height loss for every 10 years after age 40, he would have lost 3.7 cm by 2016. 3.7 cm divided by 2.54 cm/inch = 1.45 inches. Given that he appears to be about an inch or two shorter than Ted, we can infer that his age when young is what Ted's height is today. man who he said was Rafael Cruz. I nearly fell out of my seat laughing. The guy didn't look anything like Rafael Cruz. Naturally our fascist mainstream co-opred press ran with the story. appears with Trump. Ted appears to be about an inch shorter than friend of mine had said to me: "Ted Trump. Trump claims to be 6' 4", Cruz came out of nowhere!" Given shrinkage for age, let's assume that Ted's current height is his dad's height when he was young. Is this man with Oswald wearing glasses? In some frames, he appears to have glasses; in others, no. Here yopu can clearly see that Ted is taller than Mike Pence by at least two inches. This woould make Ted about 6' 0" flat. This is a tall guy. He towers over these women and is at least a foot taller.

Assuming a height of 5' 1" or 5' 2" for the women, you would estimate his height to be somewhere at 6' 1" to 6' 2". Copyright 2021 Archer Crosley All Rights Reserved Mike Pence / Height What we know for sure is that Rafael Cruz was living in Dallas in 1963, about the same time as Lee Oswald. We also know that he was working in the petroleum industry. Lee Oswald had extensive When corrected for angulation, you'd have to take off at lesat an inch from the young guy's height. contacts with intellectual members of the petroleum industry in the DFW area: George de Mohrenschildt, Everett Glover, Peter Gregory and many others. The average adult wwoman's height in 1963 was betwen 5' 2" and 5' 3". Lee Oswald also had a fervent interest in the affairs of Cuba. The CIA has long infiltrated the petroulem industry. GHWB was an "oil" guy. George D is thought to have been a CIA collaborator by many respected JFK Assassination researchers. It would seem likely that the CIA would discover and take interest in young Rafael Cruz, a Cuban expat working in the petroleum industry. Now, of course, this does not prove that Rafael Cruz knew Lee Oswald, but it should prompt us to look closer. But even if he did know Lee Oswald, so what? Knowing Lee Oswald is not a crime. However, connections are important because they illustrate relationships. If Rafael Cruz knows Lee Oswald, and also has a son that one day attends Princeton, then Harvard, then works for GWB who is the son of GHWB, that might be important. It might also be important if that same son acquires a mentor, Josh Bolten, who is the son of Seymour Bolten, who was a close friend of GHWB. It might even be more relevant if I can convince you that Seymour Bolten was the man who planned the JFK Assassination.

potential connection with Lee Oswald by joking about it.

He will say something like: "Of course, I killed JFK." Ha

ha. LOL Well, actually, Rafa, no one is accusing you of killing JFK. We just want to know if it's you with Lee Oswald, because it it is, it might suggest that Lee Oswald and you are CIA, especially in view of your boy's chumminess with Josh Bolten and the Bush Cabal.

Actually, Rafa we already know that Lee Oswald was CIA. Lee Oswald was fluent in Russian from the day he entered Russia. Marina, thought he was a native speaker. You can't become fluent to that degree unless you have Russian parents (nix), Russian friends (nix), or special training. Lee's Russian was exceptionally good according to the members of the White Russian community in DFW. That alone tells us that Lee was CIA. Which then invites the question: What are you doing there with him?
